PROJECT PLANNING PHASE

MILESTONE & ACTIVITY LIST

DATE	20 OCT 2022
TEAM ID	PNT2022TMID08467
PROJECT NAME	A Novel Method for Handwritten Digit Recognition System

Milestone:

      Modern Technology are increasing and optimizing the Performance of the Artificial Intelligences (AI) Model. Based A Novel Method for Handwritten Digit Recognition System, is helpful for post office workers ,data digitalization officers etc..to prevent the typing of data manually which can identify the Digits with in a process of capturing the Image on the papers and Machine Learning Algorithm will give digit value. In this Project Milestone will be given the Best Solution for the data digitalizers using the complete friendly and simple user interface web application to fetching the solution by own. In addition, process we are planning to add alphabets and also special characters in future. It can completely convert hand written data into digital data format.

Activity List:

In Project Management Planning is an Important task to scheduling the phrase of the project to the Team Member. In this Activity can shows the various activity are allocated and Done by the Team Members! In Project we can Split into the Four Step of Phrases are

Phrase 1: Information Collection and Requirement Analysis.
Phrase 2: Project Planning and Developing Modules.
Phrase 3: Implementing the High Accuracy Deep Learning Algorithm to Perform.
Phrase 4: Deploying the Model on Cloud and Testing the Model and UI Performance
